

# Cartridge/Insertion Heaters

## FIREROD Cartridge Heaters

### Lead Adapter (LA)

#### Options

#### Patented LA Modification Method

The lead adapter (LA) modification process is a powerful tool for providing a wide range of finished heater configurations very quickly. The LA process allows the base FIREROD heater to be modified into a multitude of configurations. The base FIREROD heater can be selected to meet the customers individual needs. The base heater can then be customized by adding various finishing options like lead length, lead protection, flanges, locating rings and right angle constructions.

Please choose the base heater part number for the heater size/ wattage/voltage from the Watlow Firerod cartridge heaters on our website at

[www.thermaldevices.com](http://www.thermaldevices.com)

Then call us at 800-282-9100 or click on the "need help selecting" links on the website and we will provide a complete part number & price with your desired termination option at right.
